SUMMARY

Motivated and detail-oriented Computer Science graduate (B.Tech, 2025) with a strong foundation in Python, SQL, and data analytics. Proficient in data analysis, visualization, and dashboard creation using Excel, and skilled in frontend development with HTML. Gained hands-on experience through internships and academic projects, demonstrating abilities in problem-solving, automation, and analytical thinking. Passionate about leveraging data-driven insights to address real-world challenges.

EDUCATION

Dnyanshree Institute of Engineering and Technology, Satara

Dec 2021-June 2025

Bachelor of Computer Science and Engineering | 6.5 CGPA

Yashwantrao Chavan Institute of Science and Technology.

June 2020- May 2021

Higher Secondary Certificate | 84%

Maharaja Sayajirao Vidyalay, Satara

June 2018- May 2019

Secondary School Certificate | 79.40%

TECHNICAL SKILLS

- Programming Languages: Python, SQL.
- Database Management: MySQL.
- Data Analysis & Visualization: Excel, Power BI, Matplotlib, Seaborn.
- Tools and IDEs: Visual Studio Code, Pycharm, Jupyter Notebook.

PROJECTS / INTERNSHIPS

Land Registration System Using Blockchain

Jan 2025 - June2025

- Developed a decentralized Land Registration System using Flutter and Web3Dart, integrating Ethereum smart contracts for secure and transparent land ownership management. The system supports property registration, ownership transfer, and verification, with MetaMask for wallet authentication and IPFS for secure document storage. This project showcases blockchain's potential to eliminate fraud and enhance trust in government land records.

EV Sales Analysis

Nov 2024-Jan 2025

- This project involves creating a voice assistant using Python, allowing users to open various programs with voice commands. It showcases skills in speech recognition, natural language processing, and automation.

CSRBOX : Data Analytics Internship**Jan 2024- Feb 2024**

- Offered by CSRBOX and IBM SkillsBuild, this internship focuses on analyzing gender inequality data to extract meaningful insights and predict future trends. Through advanced data analytics techniques, we will address critical issues and forecast patterns for the coming years.

CERTIFICATIONS

- **CSRBOX : Data Analytics Internship**
- **SQL - Mysql for Data Analytics and Business Intelligence**

ADDITIONAL INFORMATION

- **Languages:** English, Hindi, Marathi
- **Hobbies :** Cooking, Playing Musical Instrument
